Dear Sirs:

Please uphold the CT DEP's determination that the Islander East pipeline proposal is a bad idea and should not be permitted.

There is no economic justification for the environmental havoc this new pipeline would cause both in the crossing of Long Island Sound and on shore. The simple solution, both environmentally and economically, is to run additional capacity along the existing line which goes through Milford, CT.

NO ONE SUPPORTS THIS IDEA OTHER THAN THE PROMOTERS.

I am an active fisherman and hunter as well as a member of the Branford Land Trust.

Regards

=====
